Computer Science Project Weekly Progress Report

Surname	Patel
Given Names	Mansi Dhruvil
Student ID	22965398
Master/Major	Master Of Computing – Artificial Intelligence
Supervisor	Sajib Mistry
Project Title	AI-Powered Deepfake Detection & Media Integrity System (TBD)
Group Number	2
Reporting Week	**Week 4**

What is your own assessment of your progress this week?

Excellent	Good	Fair	Poor	No Progress
X				

Breakdown of the time spent on the project for this reporting week (add more rows if needed). If you are part of a team, be specific about what you actually did.

Activity	**Number of hours (indicative)**
Team Meeting	4
Presentation & Weekly report	1.5
Research on existing algorithms	3
TOTAL	8.5(hours)

Note that, as per the unit outline, you are expected to spend at least 8 quality hours per week on this project unit, very much like any 25-credit unit you are studying.

Highlights of the achievements made this week:

- Highlight 1: Discussed about the pitch presentation and report
  - Discussed overall project direction and scope
  - Finalised focus on metadata-based video tampering detection
  - Assigned roles and responsibilities among team members
- Highlight 2: Presentation & Weekly report
  - Prepared content for the innovation & significance section and worked on the slides
- Highlight 3: Research on existing algorithms
  - Analysed limitations of visual-based detection systems
  - Explored metadata analysis techniques and anomaly detection approaches

Further details to report to your supervisor, please include any concerns you may have:
